Garbage and Recycling Stations

Garbage Station

The Garbage Station is where you will dispose of your household garbage for pick-up. Each station looks a little different, but is typically a large cage with a door that is located on the side of the road. Please locate the one nearest to your home.

Each station will have the disposal schedule for that area posted on it. The collection day for each type of garbage differs depending on the area. Please confirm the day for each type of garbage, and put it out at the garbage station by 8:30 a.m. on the collection day. Please be considerate of other residents and **do not put out garbage on a non-designated day.**

BURNABLE, NON-BURNABLE, HAZARDOUS, RECYCLABLE PLASTICS, Cans/Glass/PET Bottles, and PAPER garbage can be disposed of here.

Recycling Station

The Recycling Station is separate from the garbage station, where you can dispose of the listed **recyclable items at any time:**

- Aluminum and Steel Cans
- PET Bottles
- Glass Bottles

- Empty and clean all items before disposal
- Do not put items in a bag
- Separate each item by type into the appropriate labeled bin.

DO NOT throw away BURNABLE, NON-BURNABLE, RECYCLABLE PLASTICS other than PET bottles, and any other non-recyclable garbage away at the Recycling Station.

Garbage Disposal Rules

Only put out garbage on its designated collection day.

How to tie garbage bags

- Long items can be disposed of in the **BURNABLE** or **NON-BURNABLE** garbage bags **IF** most of the item fits into the bag. Tie the bag shut tightly so the object doesn't shift. For example, umbrellas are disposed of as **NON-BURNABLE** garbage.

DO NOT do this:

Large amounts of garbage

You **CANNOT** throw away large amounts of garbage at the garbage station.

If your garbage doesn't fit in the Garbage Station:

- Split up the garbage and wait until the next collection date
- Bring garbage to the Iwa☆Pika Garbage Center **P.16**
- Call a collection company to pick up your garbage

Rejected garbage

If your garbage is not sorted correctly, the paper on the right will be attached. Collect your garbage and sort it properly before disposing of again.

If the yellow paper is attached and the garbage hasn't been collected, city garbage management staff will contact the owner to warn about proper disposal methods.

- Contains dirty items
 - Remove dirty items
 - Rinse dirty items and put out again
- Contains non-**RECYCLABLE PLASTICS** (no ♻️ mark)
